

Color Palette - Cottage District, Park Row, and Rose Garden Mews Lots 1-3 & 16-30

The cottages along the streets leading from County Road 30-A toward Western Lake Drive are painted a range of grays and neutrals, from cool to warm.

The main body color is to be selected from the appropriate approved color palette. The main body color may not be the same as that of any other residence within two lots to either side, one directly across/behind, or one diagonal. The trim color can be the same or lighter than the body, but not stark white. The accent color is to be a suitable contrasting or complimentary color.
