

## Color Palette – Pine Crest - Lots 22 - 31

The main body colors for the ten houses (lots 22 - 31) on either side of the small square shall all use a special palette of colors based on olives and golden browns. The trim color may be monochromatic, tone on tone or a complementary contrasting color. Stark white trim and windows are not permitted. The accent color shall generally be chosen to complement and contrast with the main body while also harmonizing with the main body and trim colors.
